Decision: 4050 Yonge Street – Entrance Connection to York Mills Station

At its meeting of December 20, 2016, the Board:

1. Approved the demolition of the existing stand-alone TTC entrance building located at the northwest corner of Yonge Street and Wilson Avenue.
2. Approved, in principle, the proposed configuration of the TTC entrance off Yonge Street and the accessible entrance connection to York Mills subway station as illustrated in Attachment 1.
3. Authorized the execution of a new entrance connection agreement, and any other agreements arising as a result of the development, all on terms and conditions acceptable to the TTC's General Counsel.
