

Instructions to connect to the free Wi-Fi on select TTC buses

Step one:

Open Wi-Fi settings on your device and select the **TTCPublicWiFi** network.

Step two:

Open an internet browser on your device (i.e. Chrome, Safari, Opera, Firefox, Microsoft Edge, Internet Explorer or any default browser on your device).

Chrome

Safari

Firefox

Edge

Opera

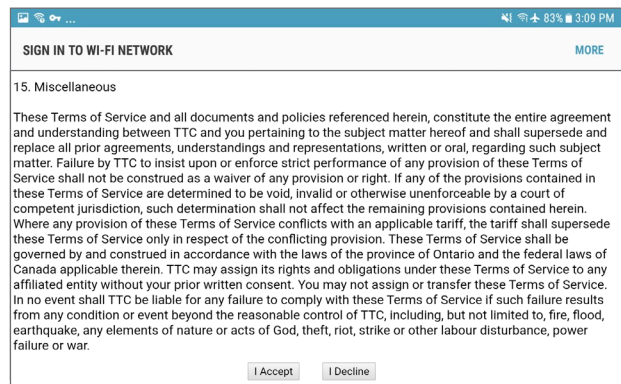

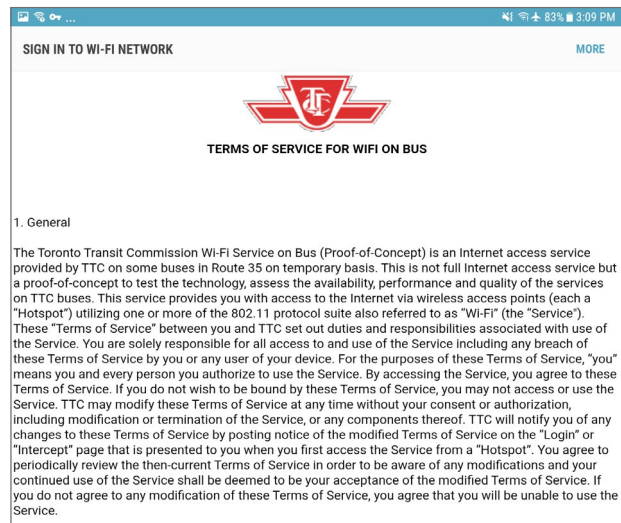

Internet Explorer

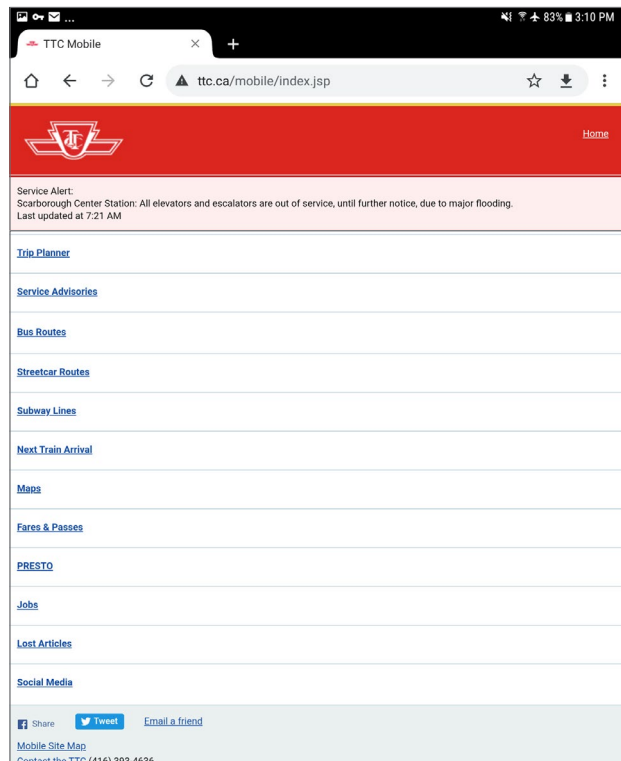

Step three

Review the instructions on the welcome screen, read the Terms and Conditions, scroll down to the bottom of page and **accept** or **decline** them.

Step four

After you accept the Terms and Conditions, your internet connection will be established and you will see the TTC's mobile website on your browser. You can begin browsing the internet, checking emails, social media or use the service as per the Terms and Conditions.

Your feedback is important, please share your experience using the TTC free Wi-Fi by completing this form ttc.ca/feedback/otherSuggestion.action.
