Kathleen Hedley, Director  
Ministry of the Environment and Climate Change  
Environmental Approvals Branch  
135 St. Clair Avenue West  
Toronto, Ontario M4V 1P3

Dear Ms. Hedley:

**Re: McNicoll Bus Garage Environmental Project Report - Eratta Letter**

The purpose of this letter is to provide supplemental information to the Environmental Project Report (EPR) prepared for the McNicoll Bus Garage Project (Project) as a result of comments received during the 30-day public comment period that followed the Notice of Commencement issued on May 21, 2015 for the Project.

During the comment period, TTC received comments from two Ministries that warrant two additional commitments to be undertaken during the design and/or construction phases of the Project. The additional comments are:

1. TTC will commit to undertaking a subsequent noise assessment during the detailed design stage as part of the submission of the application for an Environmental Compliance Approval (ECA) for noise from the Ministry of the Environment and Climate Change, which takes into consideration previous input and comments from the Environmental Approvals Branch technical reviewer.
2. TTC will commit to undertake preparation of a Cultural Heritage Evaluation Report (CHER) for the Vimy Oak Tree to confirm if the tree has cultural heritage value. If the results of the CHER indicate that the tree does have cultural heritage value, TTC will commit to undertake preparation of a Heritage Impact Assessment (HIA) to document the potential effects upon the tree and the measures to mitigate such impacts.

These two new commitments are in addition to the commitments contained in Chapter 7 of the EPR, and therefore, will carry the same force as those commitments in Chapter 7.

If you have any questions, please feel free to contact David Veights of my staff at (416) 397-8512 or by e-mail at [david.veights@ttc.ca](mailto:david.veights@ttc.ca) , or alternatively, please contact me by phone at (416) 393-6018 or by e-mail at [Jason.macdonald@ttc.ca](mailto:Jason.macdonald@ttc.ca).

Sincerely,

Jason MacDonald, P. Eng. PMP  
Project Manager
